Snowflake Card

What you will need

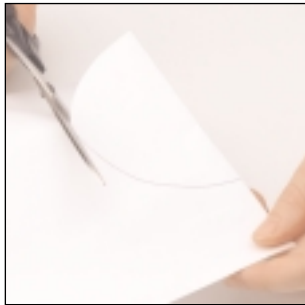

Silver Metallic Fimo - 8020 812

Sharp craft knife

Paper, Scissors

Card

Glue

1. Knead Silver Metallic Fimo between your hands until it is soft and easy to use.

2. Roll your Fimo to approx. 2mm thick using a rolling pin or milk bottle.

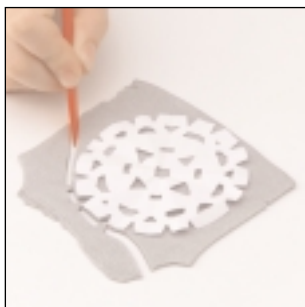

3. Make a template out of paper. Fold piece of paper in half and cut a semi circle along the spine.

4. Fold semi circle in half and then in half again, cut random designs to produce snowflake design.

5. Place template on top of the Fimo and cut out design using a sharp craft knife.

6. Place on a baking tray and bake for 30 minutes at 130 degrees C / 265 degrees F.

Once it has cooled, stick on to square of paper and then onto a card. Why not use a Metallic Staedtler Gel pen to write your message?

Heart Card

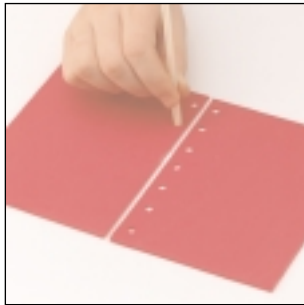

What you will need

Dayglow Violet Fimo - 8020 601

Indian Red Fimo - 8020 24

Apple Green Fimo - 8020 50

Sharp craft knife, Heart shaped cutter, Straw, Ribbon

- 1.** Knead Dayglow Violet Fimo between your hands until it is soft and easy to use.
- 2.** Roll your Fimo to approx. 1mm thick using a rolling pin or milk bottle.
- 3.** Cut into two equal squares, place next to each other and using a straw make holes at regular intervals as illustrated.

- 4.** Using your cutter, cut a heart shape out from the centre of one sheet and remove. Roll a sheet of Red Fimo to the same thickness (1mm) cut out heart and carefully remove.

- 5.** Place the red heart in the space in the centre of your sheet.

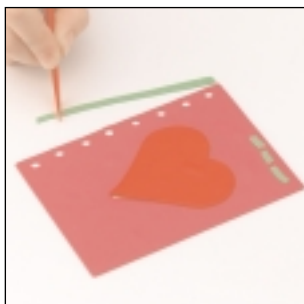

- 6.** Roll out a sheet of Apple Green Fimo and cut into thin strips. Cut into short lengths and place around the edge of the card.

- 7.** Place on a baking tray and bake for 30 minutes at 130 degrees C / 265 degrees F.

Once it has cooled, place the two sheets together and thread ribbon through the holes.

You can make any design you like by using different cutters!

Christmas Tree Card

What you will need

Glitter Fimo
Card
Glue

1. Draw a rough design of a Christmas Tree onto a blank sheet of paper using a soft pencil.

2. Knead a small amount of green Glitter Fimo between your hands until it is soft and easy to work with.

3. Roll flat and press gently over the pencil design.

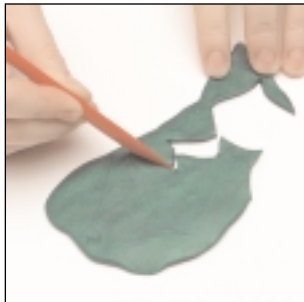

4. Turn the sheet of Fimo over, and the pencil image will have transferred to the Fimo. Cut around the design.

5. Knead a small amount of red, silver & gold Glitter Fimo between your hands until it is soft and easy to work with. Roll into small balls and press gently onto the tree to make baubles.

6. Place in a domestic oven and bake for 20-30 minutes at 130 degrees C /265 degrees F.

7. Once cooled, remove from the oven and stick onto a piece of card.
